1. Purpose/Introduction

It is the borrowing agency's responsibility to secure prior approval from the parent agency for the services of an employee.

2. Definitions

The term “dual employment” refers to the situation where a specifically identified State employee performs services for a State agency other than his or her parent agency with the specific approval of the borrowing and the parent agencies.

The State department, agency, or institution having control over the services of the employee and from which the employee receives his regular paycheck is the parent agency.

The State department, agency or institution seeking on a temporary or part-time basis the services of an employee of another State agency is the borrowing agency.

3. Procedural Steps

After the services have been rendered, the borrowing department originates a Dual Employment Certification Form, CP-30 (docx), indicating the source of funds for the agreement, and transmits the completed form to the University Budget Office.

Section one, Certification by Borrowing Agency, and Analysis of Payment to Parent Agency, is also to be completed and submitted to the University Budget Office.

A voucher is then prepared by the Budget Office payable to the State Agency that is the Parent Agency.
of the borrowed employee for the amount agreed upon on the CP-30 form plus social security. The check for services plus the CP-30 form is then sent to the Parent Agency who puts the borrowed employee on the payroll for the supplemental pay. The Parent Agency then fills in the Parent Agency section of the CP-30 form and returns a properly signed copy to the Borrowing Agency. Instructions on completing the CP-30 form as a borrowing agency are set forth in section 4 below.

The completed CP-30 form received from the Borrowing Agency, plus the payment, are sent to the University Budget Office for processing. The check is deposited into the University accounts.

. Once signed, the CP-30 form (all copies) is returned to the University Budget Office. That office prepares the necessary payroll document for supplemental pay or ensures that reimbursable payments are applied to the proper financial fund and account. This action is based on information provided by the Parent department.

The CP-30 form is forwarded to the Parent department for the signature of the employee and his immediate supervisor and the completion of Section Two of the form.

The University Budget Office then prepares the necessary budget revisions (Form BD-606) and submits them to the Office of State Budget and Management to appropriately revise the departmental budget.

Instructions on completing the CP-30 form as a Parent agency are set forth in section 4 below.

The Dual Employment Certification Form, CP-30 (docx), may be obtained online from the University Budget Office or call 336-334-5641.
